RELEVANT EXPERIENCE

Full Stack Developer @ Dawson College

May 2021 -> Now

We are developing an AR application to showcase historical sites around the College and the city, in association with Kngfu.

Digital Lab Technician @ Collège Beaubois

Jan. 2021 -> Now

I operate and maintain 3D printers as well as the laser cutter & engraver. When I have freetime I come up with innovative ideas for various school projects.

Lifeguard @ Edphy International

Summers of 2019 & 2020

Lifeguard at the Edphy Beaubois location, enforcing safety regulations and maintaining a fun pool experience. Also helped the other camp counselors where necessary: I was the go-to person if something needed doing!
